Civilians

In the last 10 years the U.S. has dropped cluster bombs in civilian-populated areas in the former Yugoslavia, Afghanistan and Iraq. In 2003, U.S. cluster munitions caused more civilian casualties in Iraq than any other weapon.

United States

BOOM!
The U.S. Campaign to Ban Landmines is working with Congress and a nationwide grassroots network to end the use of cluster bombs and landmines. You can help by contacting Congress today.
Join the U.S. Campaign to Ban Landmines' efforts to end cluster bomb use by the U.S. military. Learn more @ www.uscbl.org.

The U.S. dropped cluster bombs 40 years ago in Cambodia, Laos, and Vietnam. Since the last cluster bomb was dropped on Laos in 1973, 12,000 civilians have been killed or injured by unexploded cluster bomblets.

Laos

12,000

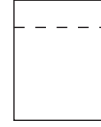

In Dec. 2008, 95 countries signed the Convention on Cluster Munitions, banning cluster bombs. The United States, which stockpiles nearly one billion submunitions, did not sign.
